

What are the Benefits of joining the Newberry Jonesville Chamber of Commerce?

Here at the Newberry Jonesville Chamber of Commerce, it is our mission to facilitate the interaction between the citizens, government and businesses of Newberry and Jonesville, Florida, to improve both the economic welfare and quality of life. The Chamber is a voluntary organization of business and professional men and women who have joined together to promote the civic and commercial progress of our local community.

Like the Better Business Bureau and other Chambers, The Newberry Jonesville Chamber of Commerce seeks to strengthen business relationships at the local level. Providing your organization with promotional and networking opportunities is the key to achieving our goals for the success of the Newberry and Jonesville communities. Listed below are just a few ways your business can experience great exposure through membership with the Chamber.

- **Your organization will be listed in our Member Directory.** Our annual publication lists each member two different ways: alphabetically and categorically. These directories are distributed to many businesses and individuals throughout the Newberry Jonesville area.

- **Online business listings will be included on the Chamber web site.** Your logo and contact information listed on the Chamber web site will attract many visitors throughout the year. Your company's link, logo and directory listing are posted free with membership. Extra advertising possibilities also exist! Button banners include graphics and links to your company's web site for an additional fee. Connecting your organization's web site with the Chamber web site will draw many new business interests to your organization.

- **Attend Chamber General Membership Luncheons.** As a Chamber member, you are welcomed and encouraged to attend our monthly luncheons. Better yet, host a presentation on your company! Other Chamber members can effectively network with your organization in efforts to build new business relationships.

- **Host a booth at one of our local Chamber events.** Throughout the year, the Chamber participates in many local events in the Newberry and Jonesville communities. Organizations may host their own booths, and Chamber members who volunteer their time at Chamber-sponsored booths may also promote their business while working.

- **Membership provides your organization with endless networking opportunities.** This is by far the greatest opportunity a Chamber member experiences. Whether through our print and online publications, monthly luncheons, or various events throughout the year, your organization will meet many people who have the potential to become customers or referral sources for your business.
